IRAWAX® 3

SEMI-REFINED PARAFFIN WAX®
IRAWAX

IRAWAX® 3 is a semi-refined paraffin wax with oil content between 3 to 5%. In comparison with IRAWAX® 1, it has higher oil content while other physical specification is the same. It is a perfect choice for different industries such as candle making companies, paint and wax companies and many other industries. This product is available in carton with shrink or PP bag based on customer preference.
